EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2023

The directors present their report and the financial statements for the year ended 31 December 2023.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

FINANCIAL RISK MANAGEMENT

The Company has chosen in accordance with section 414C(11) of the Companies Act 2006, to set out information related to financial risk management, in the Company's Strategic report.

RESULTS AND DIVIDENDS

The profit for the year, after taxation, amounted to \$7,350k (2022 - \$8,164k).

In March 2023, the Company reduced its share capital from US\$300,000,100 to US\$180,000,100 by cancelling and extinguishing 1,200,000 of the issued ordinary shares of US\$100 each in the Company.

In March 2023, the Company declared and paid a dividend of \$120,000k to its immediate parent company, ExxonMobil Finance Company Limited.

In July 2023, the Company reduced its share capital from US\$180,000,100 to US\$34,000,100 by cancelling and extinguishing 1,460,000 of the issued ordinary shares of US\$100 each in the Company.

In July 2023, the Company declared and paid a dividend of \$171,000k to its immediate parent company, ExxonMobil Finance Company Limited.

FUTURE DEVELOPMENTS

The Company intends to continue with its current principal activity.

EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2023

DIRECTORS

The directors who served during the year were:

R T Adams (appointed 1 May 2023, resigned 1 April 2024)
P A Greenwood
A M Johnson (resigned 30 April 2023)
S A Oldfield

EMPLOYEES

The Company has no employees.

GOING CONCERN

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company has sufficient cash deposit position held with another ExxonMobil group undertaking as outlined in Note 12 and loans are provided to joint ventures where Exxonmobil has a material equity interest. Additionally the company has one small loan to an affiliate. Accordingly it is management assessment that the company has adequate financing to cover its obligations given its cash deposit position. The company therefore continues to adopt the going concern basis in preparing its financial statements.

POST BALANCE SHEET EVENTS

As of July 1st 2024, the multiple existing inbound loans under ExxonMobil Financial Investment Company Limited will be consolidated into a single inbound facility (agreement type Term Revolving Loan Agreement). This consolidated loan has been priced using current borrower credit risk ratings, applying a 3M USD SOFR benchmark and applying an appropriate interest spread. It will be reviewed periodically or when a new external loan to a new provider is added to the existing portfolio.

DISCLOSURE OF INFORMATION TO AUDITORS

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

The auditors, Grant Thornton, continue in office in accordance with the Section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2023

PRINCIPAL ACTIVITIES

The principal activity of the Company is the provision of loans and financing to overseas joint ventures where ExxonMobil has an interest.

BUSINESS REVIEW

The Company has net assets of \$48,770k (2022 - \$332,420k) which represents loans receivable and payable as part of its principal activities.

During the year the Company continued to provide loans and financing arrangements to overseas joint ventures and provided an additional loan to an affiliate. Profit for the year was \$7,350k (2022 - \$8,164k), \$814k lower year on year, primarily driven by the increase in tax rates from 19% to 23.5%.

FINANCIAL KEY PERFORMANCE INDICATORS

Given the straightforward nature of the business, the Company's directors are of the opinion that analysis of the financial statements using key performance indicators is not necessary for an understanding of the development, performance or position of the business.

DIRECTORS' STATEMENT OF COMPLIANCE WITH DUTY TO PROMOTE THE SUCCESS OF THE COMPANY

Section 172 of the UK Companies Act 2006 requires a director of a company to act in the way he or she considers, in good faith, would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to the following factors (the "172 Factors"):

- The likely consequences of any decision in the long term
- The interests of the company's employees
- The need to foster the company's business relationships with suppliers, customers and others
- The impact of the company's operations on the community and the environment
- The desirability of the company maintaining a reputation for high standards of business conduct; and
- The need to act fairly between members of the company.

The members of the Board of Directors (the "Board") of the Company are all senior management personnel who either work directly for the Company, or head key functions that support the running of the Company. As part of their appointment to the Board, each director is briefed on their duties and can access professional advice on these, either from the company secretary or, if they judge it necessary, from an independent adviser. Each year the members of the Board are required to re-affirm their roles and responsibilities as a director of the Company.

The Board has adopted a delegation of authority guide (DOAG) which documents the delegation of authority from the Board in respect of specified matters, and the associated review requirements and final review levels.

The Company's ultimate parent company Exxon Mobil Corporation (the "Corporation") has developed and adopted certain "Guiding Principles" and "Standards of Business Conduct". All wholly-owned and majority-owned subsidiaries of the Corporation generally adopt similar policies. Accordingly, the Company's Board has adopted the Guiding Principles and Standards of Business Conduct as the basis for the conduct of the Company's business and its engagement with its key stakeholders. Many of these Principles and Standards of Business Conduct described further in this Strategic report, have a close synergy with the 172 Factors. In carrying out their role of overseeing the implementation and administration of the Principles and Standards of Business Conduct in the business of the Company, the directors concurrently have appropriate regard to the 172 Factors.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2023

DIRECTORS' STATEMENT OF COMPLIANCE WITH DUTY TO PROMOTE THE SUCCESS OF THE COMPANY (CONTINUED)

Against the above background, the following paragraphs summarise how the directors have had regard to the 172 Factors, focusing on the matters that are of strategic importance to the Company, consistent with the size and complexity of its business.

Long term consequences of decisions

While the Company maintains its flexibility to adapt to changing conditions, the nature of the industry in which the Company operates requires a focused long-term approach.

Each year, the Corporation publishes a view of long-term energy demand and supply in an Outlook for Energy report. The Outlook for Energy helps to inform the Company's long-term business strategies, investment plans and research programmes.

During the year, the Corporation also published its Advancing Climate Solutions - 2023 Progress Report, which outlines ExxonMobil's commitment to driving emission reductions in support of a net-zero future.

The directors engage in an annual corporate planning process pursuant to which long-range strategies and plans are developed, adopted and reviewed. The directors oversee the conduct of the business of the Company in accordance with these long-term strategies and plans, the Company's Guiding Principles and Foundation Policies and the Company's system for measuring and mitigating environmental risk, detailed below.

The directors are actively engaged in monitoring the economic environment in which the Company operates and managing the Company's exposure to the risks presented by it.

For further details on the Company's exposure to risk and how it manages its risk environment, refer to the sections of this Strategic report entitled "Principal risks and uncertainties" and "Financial risk management".

Our personnel

The Company has no direct employees, instead utilising the personnel resources of other ExxonMobil affiliates, which are then recharged to the Company on a monthly basis along with other operational expenses. Engagement with those personnel is effected through the programmes and policies detailed in the financial statements of those affiliates.

Business relationships

The Company is a finance company and has no interaction with entities outside of the companies within its own group, or the companies and affiliates of the larger ExxonMobil Corporate group.

Community and environment

The Company is a finance company and has no physical presence, therefore it has no direct impact on the environment, or interaction with communities.

Maintaining a reputation for high standards of business conduct

The Company believes that how we achieve strong results is as important as the results themselves. The Company's directors and officers are expected to observe the highest standards of integrity in conducting its business.

To achieve this the Board of the Company has adopted and oversees the administration of the Corporation's Guiding Principles and Standards of Business Conduct.

**STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2023**

DIRECTORS' STATEMENT OF COMPLIANCE WITH DUTY TO PROMOTE THE SUCCESS OF THE COMPANY (CONTINUED)

The Standards of Business Conduct adopted by the Company comprise: Ethics Policy; Conflicts of Interest Policy; Corporate Assets Policy; Directorships Policy; Gifts and Entertainment Policy; Anti-Corruption Policy; Political Activities Policy; International Operations Policy; Antitrust Policy; Health Policy; Environment Policy; Safety Policy; Product Safety Policy; Customer Relations and Product Quality Policy; Alcohol and Drug Use Policy; Equal Employment Opportunity Policy; and Harassment in the Workplace Policy.

These policies together with the Procedures and Open Door Communication policies, collectively express the Company's expectations, define the basis for the conduct of the Company in its business and guide the Company's engagement with all of its stakeholders.

All directors and officers of the Company are required to apply the Standards of Business Conduct in their work, routinely review the Standards of Business Conduct in a company training forum and annually provide a certification of their compliance with the Standards of Business Conduct.

The Guiding Principles and Standards of Business Conduct are published and publicly available on the Corporation's website detailed at the end of this report.

Shareholders

The Company is the wholly owned subsidiary of another US registered ExxonMobil entity and ultimately of Exxon Mobil Corporation, as detailed by Note 20 - Controlling Party.

The Guiding Principles adopted by the Company set out the Company's commitment to enhancing the long-term value of the investment entrusted to the Company by its shareholders.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company's principle risks and uncertainties predominantly comprise financial risks. The Company's policy relating to financial risk management is set out in the paragraphs below.

FINANCIAL RISK MANAGEMENT

The Company is exposed to financial risks from a variety of factors that include credit, liquidity, interest rates and foreign exchange.

Credit risk - The Company supplies finance to certain joint ventures in which Exxon Mobil Corporation has a significant equity interest. Credit risk is therefore considered to be low.

Liquidity risk - The Company actively manages its finances to ensure that it has sufficient available funds for its operations. It is the directors' understanding that the ExxonMobil group companies will continue to provide suitable resources to the Company to meet its needs. The Company has a process in place to monitor the best financing structure and periodically reviews its strategies. Following such review, loans may be repaid prior to their maturity date or extended or replaced by alternative funding arrangements.

Interest rate risk - The Company has both interest bearing assets and liabilities. The Company generally prefers to follow market based rates and so does not use derivative financial instruments to manage the risk and no hedge accounting is applied. The Company monitors its portfolio of interest bearing assets and liabilities and their financial impact. The Company will reconsider the appropriate structure of its portfolio should operations change in size or nature.

**STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2023**

FINANCIAL RISK MANAGEMENT (CONTINUED)

Foreign exchange risk - The Company has assets and liabilities denominated in currencies other than USD, including GBP, primarily related to taxation. The Company generally prefers to follow market based rates and so no derivative financial instruments are used to manage the risk of fluctuating exchange rates and no hedge accounting is applied. The Company has in place a foreign exchange policy and will reconsider the appropriateness of this policy should operations change in nature.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Exxonmobil Financial Investment Company Limited (the "Company"), which comprise the Statement of comprehensive income, Statement of financial position, the Statement of changes in equity for the year ended 31 December 2023, and the related notes to the financial statements, including a summary of significant accounting policies.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, Exxonmobil Financial Investment Company Limited's :

- give a true and fair view of the state of the with United Kingdom Generally Accepted Accounting Practice of the assets, liabilities and financial position of the Company's as at 31 December 2023 and of its financial performance for the year then ended; and
- have been properly prepared in accordance of the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ('ISAs (UK)') and applicable law. Our responsibilities under those standards are further described in the 'Responsibilities of the auditor for the audit of the financial statements' section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the FRC's Ethical Standard and the ethical pronouncements established by Chartered Accountants Ireland, applied as determined to be appropriate in the circumstances for the entity. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other matter

The financial statements of Exxonmobil Financial Investment Company Limited for the year ended 31 December 2022 were audited by PricewaterhouseCoopers LLP who expressed an unmodified opinion on those statements on 29 September 2023.

Other information

Other information comprises information included in the annual report, other than the financial statements and our auditor's report thereon, including the Strategic report and Directors' report. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies in the financial statements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and Directors' report for the year for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Strategic report and Directors' report. We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

Responsibilities of management and those charged with governance for the financial statements

As explained more fully in the Directors' responsibilities statement, management is responsible for the preparation of the financial statements which give a true and fair view in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102, and for such internal control as directors determine necessary to enable the preparation of financial statements are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Responsibilities of the auditor for the audit of the financial statements

The objectives of an auditor are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes their opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

Responsibilities of the auditor for the audit of the financial statements (continued)

A further description of an auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatement in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK). The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Based on our understanding of the Company and industry, we identified that the principal risks of non-compliance with laws and regulations related to data protection requirements in the jurisdictions in which the Company operates and holds data, employment regulation in the UK and other environment regulations and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006 and UK tax legislation. The Audit engagement partner considered the experience and expertise of the engagement team to ensure that the team had appropriate competence and capabilities to identify or recognise non-compliance with the laws and regulation. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to posting inappropriate journal entries to manipulate financial performance and management bias through judgements and assumptions in significant accounting estimates, in particular in relation to significant one-off or unusual transactions. We apply professional scepticism through the audit to consider potential deliberate omission or concealment of significant transactions, or incomplete/inaccurate disclosures in the financial statements.

In response to these principal risks, our audit procedures included but were not limited to:

- enquiries of management on the policies and procedures in place regarding compliance with laws and regulations, including consideration of known or suspected instances of non-compliance and whether they have knowledge of any actual, suspected or alleged fraud;
- inspection of the Company's regulatory and legal correspondence and review of minutes of directors' meetings during the year to corroborate inquiries made;
- gaining an understanding of the entity's current activities, the scope of authorisation and the effectiveness of its control environment to mitigate risks related to fraud;
- discussion amongst the engagement team in relation to the identified laws and regulations and regarding the risk of fraud, and remaining alert to any indications of non-compliance or opportunities for fraudulent manipulation of financial statements throughout the audit;
- identifying and testing journal entries to address the risk of inappropriate journals and management override of controls;
- designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing;
- challenging assumptions and judgements made by management in their significant accounting estimates, including provision estimate; and
- review of the financial statement disclosures to underlying supporting documentation and inquiries of management.

EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF EXXONMOBIL FINANCIAL INVESTMENT
COMPANY LIMITED

Responsibilities of the auditor for the audit of the financial statements (continued)

The primary responsibility for the prevention and detection of irregularities including fraud rests with those charged with governance and management. As with any audit, there remains a risk of non-detection or irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or override of internal controls.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

EXXONMOBIL FINANCIAL INVESTMENT COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2023

1. ACCOUNTING POLICIES

1.1 General information

The principal activity of the Company is the provision of loans and financing to overseas joint ventures where ExxonMobil has an interest.

The company is a private company limited by shares and incorporated in England and Wales. The address of the registered office is Ermyn House, Ermyn Way, Leatherhead.

1.2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, 'The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland' ('FRS 102') and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 2).

The following principal accounting policies have been applied consistently:

1.3 GOING CONCERN

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company has sufficient cash deposit position held with another ExxonMobil group undertaking as outlined in Note 12 and loans are provided to joint ventures where Exxonmobil has a material equity interest. Additionally the company has one small loan to an affiliate. Accordingly it is management assessment that the company has adequate financing to cover its obligations given its cash deposit position and the repayments arrived post year-end. The company therefore continues to adopt the going concern basis in preparing its financial statements.

1.4 FINANCIAL REPORTING STANDARD 102 - REDUCED DISCLOSURE EXEMPTIONS

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. ACCOUNTING POLICIES (CONTINUED)

1.5 TURNOVER

The Company's activities consist of the provision of loans and financing to overseas joint ventures where ExxonMobil has an interest. Additionally the company has one small loan to an affiliate.

Interest income from loans is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Where revenue has to be calculated it is recognised in the statement of comprehensive income using the effective interest method.

1.6 FINANCIAL INSTRUMENTS

The Company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

The Company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable and loans to related parties.

Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. Debt instruments, like loans and other accounts receivable and payable, are initially measured at present value of the future payments and subsequently at amortised cost using the effective interest method. Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the statement of comprehensive income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

All financial liabilities are held at amortised cost.

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

FOR THE YEAR ENDED 31 DECEMBER 2023

1. ACCOUNTING POLICIES (CONTINUED)

1.7 FOREIGN CURRENCY TRANSLATION

Functional and presentation currency of the Company is USD.

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

1.8 BORROWING COSTS

Borrowing costs are charged to the statement of comprehensive income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount.

1.9 DIVIDENDS

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid.

1.10 INTEREST INCOME

Interest income on cash deposit is recognised in the statement of comprehensive income using the effective interest method. Recognition of interest income on loans is explained in note 1.5 'Turnover'.

1.11 TAXATION

Tax is recognised in profit or loss, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2023

1. ACCOUNTING POLICIES (CONTINUED)

1.12 CASH

As part of ExxonMobil's Treasury operations, the Company participates in an interest bearing bank account sweeping arrangement with another ExxonMobil group undertaking, whereby the transactions cleared by the banks included in this arrangement are transferred to that undertaking on a daily basis. The net amount as at the statement of financial position date is fully liquid with the Company retaining full ability to access the cash at any time and disclosed as a short-term financial instrument within amount owed by group undertakings.

Interest related to these cash positions is based on the All-in Fallback Rate for Overnight USD LIBOR, comprised of the Secured Overnight Financing Rate, "SOFR", plus applicable spread adjustment ("USD Fallback Rate"). Interest is charged at USD Fallback Rate plus 0.1% on overdraft positions and USD Fallback Rate plus 0.1% on deposit positions.

1.13 SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

Significant Judgements

In preparing the financial statements, no significant judgements have been made in applying the Company's accounting policies.

Estimates

In applying the Company's accounting policies described above, there are no sources of estimation uncertainty that carry a risk of a material adjustment to the carrying value of assets or liabilities in the preparation of these financial statements.

3. TURNOVER

The majority of the turnover is attributable to loans and financing provided to overseas joint ventures where ExxonMobil has an interest. There is a minor contribution from the loan to an affiliate.
